SPACETREK

PLANETARIUM SHOW

IMMERSIVE LEARNING & EXPLORATION HIGHLIGHTS

TRUE FULL-DOME IMMERSION

A 360° Hemispherical Projection Surrounds the Audience, Creating the Sensation of Floating Through Space Rather Than Watching a Screen.

DYNAMIC SKY MAPPING

Witness the Sky Transform in Real Time — Constellations Shift, Planets Align, and Celestial Motions Unfold Just as They Do in the Universe.

STORIES OF THE COSMOS

Each Show Follows a Structured Narrative That Connects Astronomy, Physics, and Discovery Into a Memorable Learning Journey.

CONCEPTS MADE VISUAL

Abstract Ideas Like Gravity, Light-years, Eclipses, and Stellar Evolution Are Simplified Through Immersive Visuals and Motion.

FROM NIGHT SKY TO SPACE

Each Show Follows a Structured Narrative That Connects Astronomy, Physics, and Discovery Into a Memorable Learning Journey.

SCIENTIFIC SPACE VISUALS

Astronomical Data-driven Simulations Ensure Planets, Stars, Orbits, and Cosmic Events Are Represented With Real-world Accuracy.
